A.D. 1853 N° 2364.

Chemical Compound for Healing Cuts, Scalds, &c.

PROVISIONAL SPECIFICATION left by William Jones at the Office of the Commissioners of Patents, with his Petition, on the 14th October 1853.

(Void by reason of notice to proceed not having been given within the 5 time prescribed by the Act.)

I, WILLIAM JONES, of Porchester Place, Hyde Park Square, in the County of Middlesex, Gentleman, do hereby declare the nature of the said Invention for “A CERTAIN CHEMICAL COMPOUND OR COMPOUNDS APPLICABLE AS A REMEDY FOR CUTS, SCALDS, BURNS, WOUNDS, AND ACCIDENTS OF
10 A SIMILAR NATURE TO WHICH THE SAME CAN OR MAY BE APPLIED,” to be as follows :—

To equal parts of the following substances, namely, bol. armenia, blue vitriol, rock alum, and white copperas, (which I pulverize and reduce into a fine powder by any method in use for that purpose,) I
15 add four parts of acetic acid or common vinegar, and agitate the whole until it becomes of the consistancy of paste; but should I require the compound to be liquified, I add a greater proportion of acetic acid

Jones' Chemical Compound for Healing Cuts, Scalds, Burns, &c.

or common vinegar; I then spread the paste upon or immerse in the compound or liquid (as the case may require) lint, linen rag, or other like fabrics, and apply it to the part affected, thereby producing a speedy and effectual cure of the diseased part or parts.
